

As an accredited CPD provider for the NZIA we would like the opportunity to show you a comprehensive presentation on the versatility of products available from Asphaltech Waterproofing

The presentation is designed to help architects and design professionals gain a better understanding of structural waterproofing, best practice and zero falls while accruing formal CPD points. Certification for LPB is also available.

**Full practice, PSG & IOT Groups catered for, morning, noon or evenings.**

## A Masterclass in Structural Waterproofing

**This will include:**

- Mastic Asphalt
- Hot Melt Rubber
- Zero Falls
- Ideal Applications
- Project Support
- Detailing Solutions

**WOULD YOU LIKE TO EARN 10 NZIA CPD POINTS?**

Why not learn over a bite? We are happy to provide morning tea or lunch etc.

Takes around 30 minutes, plus questions

**Let us show you the best way to waterproof your balconies, podiums and car parks**

**To book a CPD presentation**
